What We Do: TEDNA ACE Project

The Tribal Education Departments National Assembly Accessing Choices in Education (TEDNA ACE) Project currently works with Native American students in grades 9–12 across the state of Oklahoma.

This session will focus on resources available to all Native high school students, as well as offering advice on developing a relationship that fosters success, specific to the needs of this student population.

Assistance Covered by JOM

bie.edu/landing-page/johnson-omalley

The Johnson-O'Malley Program is authorized by the Johnson-O'Malley Act of 1934, and the implementing regulations are provided in Part 273 of Title 25 of the Code of Federal Regulations. As amended, this Act authorizes contracts for educating eligible Indian students enrolled in public and previously private schools. This local program is operated under an educational plan approved by the BIE, which contains educational objectives to address the needs of eligible American Indian and Alaska Native students. The Johnson-O'Malley Supplemental Indian Education Program Modernization Act became Public Law 115-404 on December 31, 2018.

Johnson O'Malley programs offered to American Indian and Alaska Native students vary and may include such programs as culture, language, academics and dropout prevention.

Johnson-O'Malley funds under this program may not be used for capital expenditures. Eligible applicants are tribal organizations, Indian corporations, school districts or States with eligible American Indian and Alaska Native children attending their schools or public school districts that have established Indian Education Committees to approve supplementary support programs that benefit American Indian and Alaska Native students. Eligible American Indian and Alaska Native students are enrolled members of a federally recognized tribe or at least one-fourth or more degree of Indian blood descendant of a member of a federally recognized Indian tribal government eligible for services from the Bureau. In addition, eligibility requires these children be between age 3 through grades 12, with priority given to children residing on or near an Indian reservation.
